

Donors who join the **Royal Society** and make annual gifts provide vital enrichment funds to allow dreams to become realities for the students at Cristo Rey OKC.

# Invest in OKC's future.

Cristo Rey Oklahoma City is the only high school in Oklahoma that provides a rigorous college-preparatory education combined with a four-year corporate work study program. This program allows for students to work five days a month at reputable companies across the metro to help subsidize their tuition.
